

EVTM (EndoVascular resuscitation and Trauma Management) Meets VEITH

Two-Part Clinical Case-Based Seminar

Thursday, September 24, 2020 and Thursday, October 1, 2020

10:00 A.M. to 11:45 A.M. Eastern U.S. time

Hosts Drs. Frank J. Veith and Enrico Ascher

Moderators: Joseph DuBose (Baltimore, Maryland), Todd Rasmussen (Bethesda, Maryland) and Tal Hörer (Örebro University Hospital, Sweden)

PART I

Thursday, September 24th, 10:00 to 11:45 Eastern U.S. time

Moderators: Frank J. Veith, MD, Chairman of the VEITHsymposium and Joe DuBose (Baltimore, Maryland)

10:00-10:04 Welcome: Frank J. Veith and Joe DuBose

10:04-10:10 Evidentiary standards (dogma, registry study or RCTs): how do we apply new, safe and effective treatments? (Todd Rasmussen, Bethesda, Maryland)

10:10-10:44 Endovascular solutions for vascular trauma (5-minute case presentations and 3-minute discussions):

10:12 – 10:20 Overview: Ravi Rajani (Atlanta, Georgia)

10:20 – 10:28 Case by Rishi Kundi (Baltimore, Maryland)

10:28 – 10:36 Case by Erin Koelling (Bethesda, Maryland)

10:36 – 10:44 Case by Nigel Tai (London, UK)

10:44-11:08 Embolization (coils, plugs & hemostatics) (5-minute case presentations and 3-minute discussions):

10:44 – 10:52 Overview: Pedro Teixeira (Austin, Texas)

10:52 – 11:00 Case by Abdel Aal (Houston, Texas)

11:00 – 11:08 Case by Paula Ferrada & Stephan Leichtle (Richmond, Virginia)

11:08 – 11:40 Civilian and Military updates on REBOA (5-minute case presentations and 3-minute discussions):

11:08 – 11:16 Overview: Jonny Morrison (Baltimore, Maryland)

11:16 – 11:24 Case by Sheldon Tepperman Edward Chao (Bronx, New York)

11:24 – 11:32 Case by Stacey Shackelford and (US Military, San Antonio, Tx)

11:32 – 11:40 Case by Brian Knipp (US Military, Portsmouth, Virginia)

1140 - 1145 Round table discussion, Wrap up and Dismissal

PART II

Thursday, October 1st, 10:00 to 11:45 eastern U.S. time

Moderators: Enrico Ascher, Co-chairman of the VEITHsymposium and Todd Rasmussen (Bethesda, Maryland)

10:00-10:04 Welcome: Enrico Ascher and Todd Rasmussen

10:04-1010 Vascular, trauma surgery, or IR: Who wants, who has time and who is best suited to perform these procedures? (Joseph DuBose, Baltimore, Maryland)

10:10-10:34 Endovascular approaches to acute aortic injury (5-minute case presentations and 3-minute discussion):

10:10 – 10:18 Overview: Ravi Rajani (Atlanta, Georgia)

10:18 – 10:26 Case by Shuresh Agarwal (Durham, North Carolina)

10:26 – 10:34 Case by Pedro Teixeira (Austin, Texas)

10:34-11:06 Endovascular solutions for acute aortic emergencies (5-minute case presentations and 3-minute discussion):

10:34 – 10:42 Overview: Gustavo Oderich (Houston, Texas)

10:42 – 10:50 Case by Daniel Newton (Richmond, Virginia)

10:50 – 10:58 Case by Bernardo Mendes (Rochester, Minnesota)

10:58 – 11:06 Case by Eric Twerdahl (Bethesda, Maryland)

11:06-11:38 New Developments in Bleeding Control, Cardiac Arrest and Shock: (5-minute talk and 3-minute discussion)

11:06 – 11:14 ECMO may have a role in trauma: Sam Galvagno (Baltimore, Maryland)

11:14 – 11:22 Endografts for bleeding control: what can be used now and what is on the horizon? Ravi Rajani (Atlanta, Georgia)

11:22 – 11:30 Liquid embolization agents used in acute bleeding: Abdel Aal (Houston, Texas)

1130 – 1138 Can we change CPR and survival from non-traumatic cardiac arrest with REBOA and ECMO? James Daley (New Haven, Connecticut)

1138 – 1145 Wrap up and Dismissal
